

I'm With You

Service Overview

Registered NDIS provider — personalised support across Australia

I'm With You is a registered NDIS provider delivering personalised disability support, aged care, and allied health services across Australia. We take the time to truly understand each person we support — building care around their goals, not the other way around.

Our Services	
Personal Supports	Tailored assistance with daily tasks and independent living — personal care, household tasks, meal preparation, and more.
Support Coordination	Helping you understand and use your NDIS plan, connect with the right providers, and build capacity to manage your own supports.
Psychosocial Recovery Coaching	Working alongside people living with mental health conditions to build confidence, routines, and pathways to recovery.
Occupational Therapy	Building everyday skills, recommending assistive technology, home modifications, and completing functional capacity assessments.
Community Access	Supporting you to get out, connect with others, and participate in the activities and communities that matter to you.
Aged Care Home Services	Compassionate in-home support for older Australians, helping them remain independent and comfortable at home.
Custom SIL Program	Personalised Supported Independent Living arrangements designed around the individual, not a standard house model.
Forensic Disability Supports	Specialist support for people with disability who are involved in the justice system, delivered with expertise and dignity.
Accessible Travel	Planning and in-trip support for people with disability — local, interstate, and international travel.
Telehealth & Administration	Remote nursing care, clinical consultations, and administrative support accessible from anywhere in Australia.

I'm With You

Service Overview

Registered NDIS provider — personalised support across Australia

Hospital Discharges	Coordinating safe transitions from hospital to home, arranging care, transport, and follow-up supports.
----------------------------	---

Why I'm With You?

- Registered NDIS provider — fully compliant with NDIS Quality and Safeguards Commission standards
- Clinical leadership from Registered Nurses and a Mental Health Nurse Practitioner
- Hidden Disabilities Sunflower member — trained to support people with non-visible disabilities
- 2026 Australian Enterprise Award winner for Excellence in Disability Support and Advocacy
- Services available nationwide including rural and remote communities
- Person-centred approach — we build support around your goals, not a checklist

Who We Support

- NDIS participants across all disability types and ages
- People with psychosocial, neurological, physical, and intellectual disabilities
- Older Australians accessing aged care services
- People involved in the justice system requiring forensic disability support
- Families and carers seeking coordinated support solutions
